

SMART SOLUTIONS. STRONGER BUSINESSES.

Advanced capabilities that empower your organization with insights, security, and seamless collaboration.

ANALYTICS DASHBOARD

A customizable analytics dashboard provides real-time visibility into document operations through interactive charts, reports, and performance metrics tailored to business needs.

BENEFITS

- ✓ Users can monitor key insights such as document volumes, approval status, processing times, user activity, and storage trends from a single unified view.
- ✓ Enables faster decision-making, improves operational oversight, and helps organizations identify trends, bottlenecks, and opportunities for optimization.

ROLE BASED ACCESS CONTROL

Role-based access control ensures that documents are only accessible to authorized users based on their roles, departments, or responsibilities.

BENEFITS

- ✓ Strengthens data protection and supports compliance with internal governance policies.
- ✓ Controlled unauthorized access.

SECURE DOCUMENT SHARING & COLLABORATION

Secure document sharing and collaboration allow users to share files internally or externally with controlled access, expiry links, and activity tracking.

BENEFITS

- ✓ Improves coordination, enhances productivity, and ensures secure information exchange.
- ✓ Teams can collaborate on documents through comments, annotations, and controlled editing without compromising security.
