SDEX PULSE OCTOBER 2026

SDEX

Smarter Documents. Stronger Business.

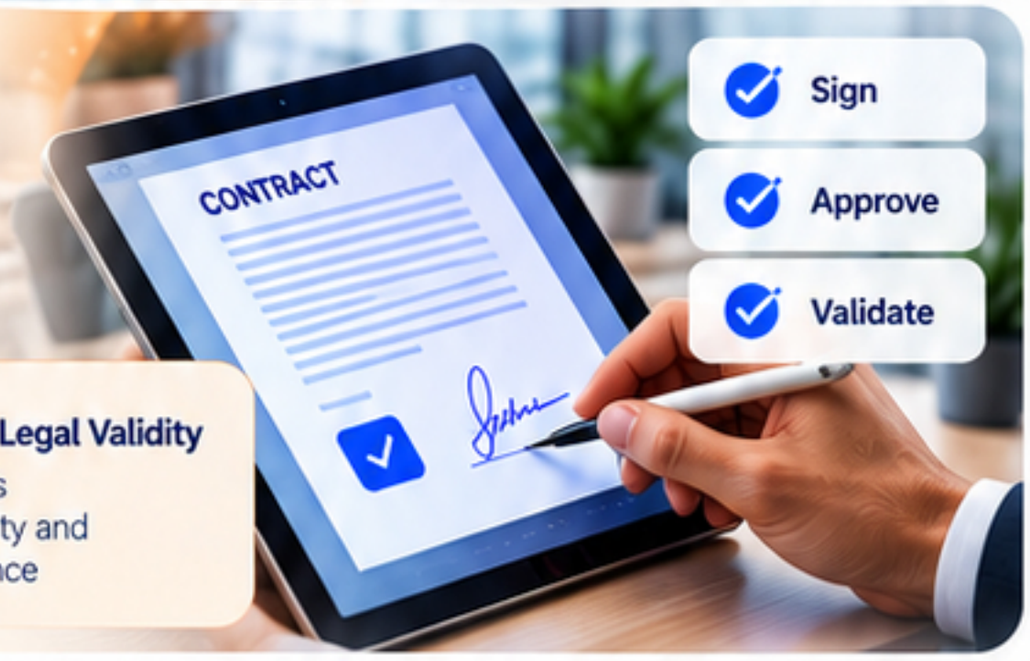

Your monthly update on the latest features, insights and innovations — helping organizations work smarter, safer and more efficiently.

E-Signature Integration

Go Paperless. Move Business Forward.

E-signature integration enables users to sign, approve, and validate documents digitally without requiring physical paperwork.

Reduces Delays
Speeds up approvals and transactions

Improves Convenience
Enables fully digital workflows

Ensures Legal Validity
Maintains auditability and compliance

Disaster Recovery & Backup Management

Business Continuity Starts with Data Protection.

Disaster recovery and backup management ensure documents are protected against accidental loss, system failure, or cyber incidents through automated backups and recovery mechanisms.

Keeps Your Data Safe
Protects business-critical information

Minimizes Downtime
Improves resilience and business continuity

Ensures Recoverability
Documents remain secure and recoverable at all times

Mobile Access & Remote Availability

Your Documents. Wherever Business Takes You.

Mobile access and remote availability allow users to securely access, review, and manage documents from any device and location.

Improves Accessibility
Access from any device and location

Supports Flexible Work
Enables remote and hybrid work environments

Keeps Teams Productive
Stay connected and efficient on the move

Save Time
Automate repetitive tasks and accelerate processes

Improve Accuracy
Reduce errors and ensure high-quality data

Ensure Security
Enterprise-grade security and compliance

Drive Growth
Make faster decisions with smarter information

Smarter Solutions for a Digital Tomorrow.
